Topic: Why Every School Should
Have a Garden

OPiNiON

It is without a doubt imperative for every school to have a garden and for students to be involved in maintaining it.

REASON 1

Educational Benefits

EXAMPLE 1

Science and maths can be taught through gardening. I learnt about the life cycle of a plant and how bees collect nectar and pollen from plants.

REASON 2

Healthy eating and nutrition

EXAMPLE 2

Research shows that people who regularly eat fruits and vegetables tend to live longer. At home, we grow strawberries, so we eat them all the time!

REASON 3

Environmental benefits

EXAMPLE 3

Gardens help reduce carbon footprint and boost biodiversity. Gardening made me feel really peaceful and happy, especially because I know I am helping the environment.

OPiNiON

So, you see, having a garden at school is important because... Let's all work together to have a garden in our school and make the world a better place.
